

Quantity	Bode estimate	Comment
ω_c	$\sqrt{10} = 3.16$	larger than the exact value 2.8
γ	14.8°	lower than the exact value 19.9°
ω_g	$\sqrt{20} = 4.47$	coincides with the exact value
h	2.4	also matches the exact value well
workflow	hand sketch $\rightarrow$ read $\rightarrow$ 'margin(G)'	use software to verify the ap- proximation error
